**SUBJECT: REACH Compliance Declaration**

Dear Valued Customers,

The European Regulation 1907/2006 on **Registration, Evaluation, Authorization, and restriction of Chemicals (REACH)** entered into force on June 1, 2007. The goal of REACH is to ensure the protection of human health and the environment from the risks that can be posed by chemicals.

**REGISTRATION**

Tutco SureHeat does not manufacture chemicals, preparations or articles that intentionally release substances under normal operating conditions and therefore do not fit within the scope of entities obligated to pre-register and register with REACH. Both our company and key suppliers are committed to fulfill our legal obligations under REACH and seek to uphold our role in the necessary communication network needed to support REACH compliance.

**Restriction of Chemicals – Annex XVII**

Annex XVII of the REACH regulations imposes restrictions on hazardous substances in preparations or articles that present risks to human health or the environment. The restriction covers a wide range of applications. We certify that all of our products comply with the conditions of the restriction as defined in Annex XVII Titled "Restrictions on the manufacture, placing on the market and use of certain dangerous substances, mixtures and articles" dated June 26, 2009.

**Substance of Very High Concern (SVHC) – Annex XIV**

As of **June 25, 2020**, ECHA (The European Chemicals Agency) has placed **209** substances in the Candidate List of Substances of Very High Concern for authorization. Any SVHC must not be used, manufactured or imported without the prior authorization of the ECHA. The "candidate list" will be updated and published periodically by ECHA as more substances are identified as SVHC.

Tutco SureHeat articles are not intentionally manufactured or formulated with compounds and substances above the 0.1% threshold by weight listed in the REACH document titled "Candidate List of Substances of Very High Concern for Authorization" dated **June 25, 2020**.

The determination is based on information from sources which we believe are reliable. Product users are responsible for determining the applicability of REACH and other related environmental regulations based on their individual usage of the final product.

Should you have further questions, please do not hesitate to contact us. For and on behalf of Tutco SureHeat:
